Gilsum Rec Afterschool Program

Students in Gilsum's Before & Afterschool Program participated in many different clubs and activities over the last school year – learning everything from basketball skills to Spanish, cooking, and how to play Yahtzee. During Friday's Walk Across New England Club students collectively walked or ran 380 miles; completing a virtual trip from their school to Wheelock Park in Keene, Fenway Park in Boston, Fort Adams State Park in Newport, Rhode Island (near the naval base) and ending with a 'sightseeing tour' of New York City with stops at the Bronx Zoo, Central Park, Chinatown, the Statue of Liberty and Coney Island. The students showed team work, good sportsmanship and determination to reach their goal!
